DELKIN DEVICES

Delkin Devices PRIME UHS-II SDXC Memory Card

Designed for photographers and videographers, the PRIME UHS-II SDXC Memory Card from Delkin Devices has a UHS-II bus to support maximum read speeds of 280 MB/s and maximum write speeds of 150 MB/s.

Delkin Devices ADVANTAGE UHS-I SDXC Memory Card

Designed to excel in DSLRs and advanced camcorders that require faster speeds for demanding shooting modes, the ADVANTAGE UHS-I SDXC Memory Card from Delkin Devices takes advantage of the UHS-I bus to support maximum read speeds of 180 MB/s and maximum write speeds of 100 MB/s.

Delkin Devices POWER UHS-II SDXC Memory Card

Designed for professional photographers and videographers, the POWER UHS-II SDXC Memory Card from Delkin Devices takes advantage of the UHS-II bus to support maximum read speeds of 300 MB/s and maximum write speeds of 250 MB/s.

Nextorage

Nextorage AtomX SSDmini

The AtomX SSDmini from Nextorage is custom-designed to fit all Atomos monitor-recorders while maintaining high data throughput rates necessary for an 8K, 6K, 4K, or HFR raw workflow. it features a formidable up to 550 MB/s sustained read speed with 500 MB/s sustained write speed.

Atomos Powered Docking Station with USB 3.1 Gen 1 & 2.0

The Atomos Powered Docking Station will be an elegant addition to your computer desk as well as compact accessory for your transport bag. It supports a single drive caddy at a time and efficiently offloads the drive contents direct to your computer via an integrated USB cable.

$39

SanDisk

SanDisk Extreme PRO UHS-I SDHC Memory Card

Team Favorite!

Designed for SD devices that can capture Full HD, 3D, and 4K video, as well as raw and burst photography, the Extreme PRO UHS-I SDXC Memory Card from SanDisk is compatible with the UHS-I bus, and features a speed class rating of V30, which guarantees minimum write speeds of 30 MB/s.

32 GB - 2 TB - Call for Quote!

SONY

Sony SF-G TOUGH Series UHS-II SDXC Memory Card

SF-G series TOUGH specification cards are designed for dependability. The one-piece molding body with high hardness materials is 18 times more bend resistant than the SD standard, impact resistant for drops up to 16', and the highest dustproof and waterproof level (IP68). Take burst-shooting and high-resolution video recording to the next level with ultra-fast write speeds up to 299 MB/s, which is fast enough for even the highest performance camera with a UHS-II interface.

64 - 256 GB

OWC Atlas Pro & Atlas Ultra SD Memory Cards

128 - 512 GB

The Atlas Pro UHS-II SDXC Memory Card from OWC / Other World Computing takes advantage of the UHS-II bus to support advanced DSLR/mirrorless functions such as continuous shutter bursts and rapid shooting, as well as raw and JPEG captures. Increased Read and Write speeds in the Atlas Ultra lineup.

Short Throw & Ultra-Short Throw

Panasonic CMZ50 5200-Lumen WUXGA Ultra-Short Throw Laser Projector

MAP $4,699

deal for smaller classrooms, meeting spaces, and public spaces, the white CMZ50 5200-Lumen WUXGA Ultra-Short Throw Laser Projector from Panasonic offers a very short 0.235 to 0.228:1 throw, which can equate to an 80" display being projected from just 1/3" away. A laser projects that content with 5200 lumens of brightness, making images and text look their best in fully lit rooms.

Epson PowerLite L690SU 6200-Lumen WUXGA Short-Throw Laser 3LCD Projector

$4,661.00

See other options with the Artome Cart on page 7.

Enjoy bright, vibrant images in most settings with the Epson PowerLite L690SU 6200-Lumen WUXGA Short-Throw Laser 3LCD Projector. Its 6000 lumens of brightness, combined with its 2,500,000:1 dynamic contrast ratio, overcome ambient light in most installations. Its 1920 x 1200 native resolution enviewing distances. Project up to 200" from a single projector, or seamlessly match multiple projectors. Black or white.

Christie Captiva DWU500S *Ultra Short Throw Laser Projector!*

MAP $4,136.00

The Captiva DWU500S has some significant upgrades over previous models. It has the highest light output of any Captiva projector at 5,000 ANSI lumens and its resolution has been upgraded to WUXGA (1920x1200) over the 1080p from the **400S and 410S.** The DWU500S can also provide a much larger projected image, being able to provide up to a 150-inch diagonal. Black or white.

EPSON Epson PowerLite 810E 5000-Lumen 4K Extreme-Short-Throw Laser Projector (White or Balack)

See page 12 for cart options!!

Mount the projector directly above or below your screen or white-board. The 810E can produce an 80" image from just 1" away from the wall or 100" from 4" away. At under 28 pounds, this lightweight projector can deliver an image up to 160" diagonal from only 12" away; that is an image larger than four 75" flat panel monitors in a 2 x 2 configuration.

MAP $3,662.00

BrightLink 1485Fi 5000-Lumen Full HD Ultra-Short Throw 3LCD Interactive Laser Projector

From Epson, enjoy out-of-the-box interactivity with the this 5000-Lumen Full HD Ultra-Short Throw Interactive Laser Projector. It includes two interactive pens and, with the addition of an optional touch module, supports up to six touch points. The projector features support for wireless sharing to and from the projector for up to 50 compatible devices. Projects up to 120" superwide 16:9.

MAP $3,430.00

Optoma Technology ZU607TST 6000-Lumen WUXGA Short-Throw Laser DLP Projector

The Optoma Technology ZU607TST 6000-Lumen WUXGA Short-Throw Laser DLP Projector features 4K and HDR compatibility for crisp and bright images with rich color. Using a long-lasting laser light source in an IP6X-certified optical engine, the ZU607TST is suitable for a wide variety of applications, including classrooms, museums, houses of worship, digital signage, and more.

MAP $4,607.43

Portable Standard Throw

Panasonic PT-VMZ51U8 5200 Lumen WUXGA Laser 3LCD Projector

It sports a 1920 x 1200 WUXGA native resolution for viewing detailed video, pictures, or data. The 1.09 to 1.77:1 throw ratio offers a range of throw distances for focused images from nearly anywhere in the room. 20,000 hour laser light source; 14.3 lbs.

MAP $3,156

Panasonic PT-VMZ62U8 6500 Lumen WUXGA Laser 3LCD Projector

MAP $4,280

The Panasonic PT-VMZ61 6500-Lumen WUXGA Laser 3LCD Projector in white incorporates a laser light system that is ideal for meeting spaces and classrooms, letting you give presentations and teach lessons with the lights on and blinds open. Enjoy a crisp WUXGA resolution image with a 3,000,000:1 contrast ratio, which delivers vivid color, natural skin tones, vibrant whites, and deep blacks. Getting your content projected is easy, with either use a mobile device via PC software and app, a USB flash drive, or via QR code over wireless LAN. Projection can be easily adjusted and delivered onto angled surfaces, even corners. Black or white.

Sharp NP-P547UL 5400-Lumen WUXGA Projector

Ideally suited for installation in corporate offices, schools, and universities, the NEC NP-P547UL 5400-Lumen WUXGA Projector offers a robust design with minimal maintenance. The laser light source delivers 5400 lumens, enough for easy viewing in fully lit spaces, and the LCD is contained in an IPX5-sealed cooling system that avoids the need for a filter.

**Limited 5-year warranty!*

MAP $3,363

EPSON PowerLite 1795F 3200-Lumen Full HD 3LCD Projector

Enjoy bright, vibrant images with this 3200-Lumen Full HD 3LCD Projector. Its 1920 x 1080 native contrast ratio will help ensure that images and text are clear at most viewing distances. The PowerLite 1795F features HDMI, VGA, and RCA video inputs to support various source devices. Its HDMI input is MHL-compatible, allowing you to connect your compatible smart device directly to the projector to mirror its screen. The projector also includes wireless connectivity, has a 4000+ hour lamp life, and weighs only 4 lbs.!

MAP $1,166.00

See page 14 for our custom 1795 travel case!

EPSON 6500-Lumen WUXGA 3LCD Projector

Experience high brightness and performance with the versatile PowerLite L690U 6500-Lumen WUXGA Laser 3LCD Projector from Epson. This bright and compact projector features a long-lasting laser light source and vivid 3LCD color technology, making it well suited to a wide variety of applications, including conference rooms, simulators, advertising, gallery spaces, and more.

$3,515.00

EPSON Epson PowerLite L260F 4600-Lumen Full HD Laser 3LCD Projector (White or Black)

MAP $1,416

Bring immersive displays with the PowerLite® L260F lamp-free laser display. Ideal for displaying engaging lesson content, impactful presentations, eye-catching signage and more, the PowerLite L260F offers stunning 1080p image quality and 4,600 lumens of color and white brightness. Designed for convenience, it features flexible aspect ratios, an image size that's up to 16x larger than a 75" flat panel display and a **20,000-hour, virtually maintenance-free laser light source.**

Optoma ZU607T 5200-Lumen WUXGA Laser DLP Projector

The Optoma Technology ZU607T 5200-Lumen WUXGA Laser DLP Projector features 4K and HDR compatibility for crisp and bright images with rich color. Using a long-lasting laser light source in an IP6X-certified optical engine, the ZU607T is suitable for a wide variety of applications, including classrooms, museums, houses of worship, digital signage, simulation, and more.

Projector Screens

Elite Portable Projection Screens for Ultra-short Throw and Short -throw Projectors

The Light-On CLR® 2 is a portable projection screen with a folding-frame design for indoor presentations under bright room lighting environments.

It uses our innovative and patented Ceiling Ambient Light Rejecting StarBright™ CLR® 2 (SBCLR™ 2) material which is specially crafted for bottom mounted ultra-short and short-throw projectors.

The folding-frame assembles in a matter of minutes and has back-braced legs for stability and support. The legs are height adjustable to accommodate various environment settings and applications.

The entire screen conveniently fits in a carrying bag for easy transportation, storage, and protection. A black skirt is included to add a professional finish to your presentations.

Da-Lite Advantage Tensioned Electrol Motorized Front Projection Screen

The Dalite 87 x 139" Advantage Tensioned Electrol Motorized Front Projection Screen is unique in its design. It is manufactured to be installed during the construction phase of your media, class or board room. Afterwards, the fabric is added to complete the set-up. This stylish ceiling recessed screen is for those who don't want the screen showing when it is not immediately needed but available at the flip of a switch. The concealed design of the Advantage Electrol gives it an edge over similar screens in its category.

Multiple sizes, motors, screen surfaces available.

Model C with CSR- the affordable choice for a high quality ceiling or wall screen!

The Model C with CSR is a manual wall- or ceiling-mounted screen for larger rooms with a controlled screen return that ensures a quiet, controlled return to the case. Screens with CSR must be fully extended.

Specify white or black powder-coated finish.

Epson Duet Ultra Portable Tripod Projector Screen

$229

This lightweight and completely portable screen offers a solution to the user that no other portable projection screen on the market can deliver. Imagine being able to "tweak" the aspect ratio of your presentation without wiring or additional fuss. Whether for business or personal use, this screen offers you the best of both projection worlds.

The screen comes with a floor stand and a bracket (with anchors) for wall projection. All that you need to do is pull the screen out to whichever dimension you require - 65" for video viewing or 80" for HDTV viewing. When your presentation is over, simply collapse the screen back to its storage position and you're ready to go.

Elite Screens ezCinema Series Utra Portable Floor 16:9 Pull Up Screen

This is the perfect "projector screen in a box" for portable presentations on the go. The matte white material has a wide viewing angle and is masked on all 4 sides for enhanced aesthetics and visual contrast. The screen comes with a black backing to eliminate light penetration for brighter **image fidelity**.

Available in these diagonal sizes:
84", 95", 107", 120", 135" and 150"

Call us for a quote!

Elite Yardmaster 2 Series

Want to enjoy a movie under the stars?

The Yard Master 2 is a fast folding-frame outdoor projection screen. Its light-weight aluminum frame allows it to be set up in minutes. Simply, unfold the frame; attach the material and legs, then project. The Yard Master 2 is the perfect companion for **outdoor presentations with front or** rear projection materials available.

- 120" and 135" in 4:3 format
- 58", 75", 90", 100", 110", 120" and 135" in 16:9 format

Draper Ultimate Folding Screen Lite

Ultimate Folding Screen Lite features integrated legs that unfold with the frame, eliminating cranks and separate leg attachment for fast, single person setup. Its perfectly flat viewing surface replaces wavy tripod screens and delivers consistent professional image quality for a wide range of projection types, including ultra-short-throw. Weighing less than a standard tripod screen, it folds to 48" (122 cm) for easy storage and transport.

Available in 6' - 9' Diagonal, 16:9
$3,090 - $3,668 - Call for Options!

Soft or Hard Case options available for transport!

Fast-Fold Deluxe

The enhanced Fast-Fold® Deluxe Screen System brings an advanced approach to rental and staging applications for set-up and tear-down to accommodate all skill levels. Its new and efficient portable design features include an intuitive leg-to-frame locking mechanism with no parts to lose. This screen is now available with HD Rental - a foldable and optically enhanced screen surface for high definition AV experiences, featuring RF (radio frequency) welded binding for improved aesthetics and durability.

We've got one in your size! Diagonal width options range from 103 inches to 201 inches!

Multiple configurations.

Projector Mounts and Support

Epson Universal Projector Mount (ELPMBPJG)

Allows for convenient and secure projector installation. Designed with the price-conscious, time-restricted professional in mind, it can support projectors weighing up to 25 lbs. and works with nearly all projector brands.

This Universal Projector Ceiling Mount Kit (ELPMBPJG) includes a universal projector mount, 3" (76 mm) extension column and SpeedConnect ceiling plate.

$197.00

Kupo Universal Projector Mount with Ratcheting Handle

The Kupo Universal Projector Mount features a base plate with slots cut in a vortex pattern for maximum flexibility, accommodating a wide array of projector types. Four small arms radiate from the base plate that connect to the projector. Below the baseplate is a ball joint giving you 360 degrees of freedom to position the projector. The ball joint is locked in place with a ratcheting handle. The design has flexible rigging options with a combination junior 1-1/8" pin and baby 5/8" receiver. This robust mount can support up to 33lbs. Fasten to your C-Stand, light stand, or anything with a baby pin! $178.95

Premier Mounts Fine-Tune Mount for Projectors up to 65 lb

(specify black or white)

The Premier FTP Fine-Tune Mount provides quick and secure mounting for your projector. With built-in fine tuning features, the FTP (Fine Tune Projector) makes mounting simple. Complete with mounting hardware, this mount not only features fine tune controls but Lock-it technology that offers additional security and protection for your machine. The quick release base is unique in that you can remove your projector when needed elsewhere but re-attach it with no need for any sort of re-alignment. Level out the FTP by using its built-in adjustable leveling barrels.

$224.00

Chief VCMU Heavy Duty Universal Projector Mount 18-24" Speed-Connect Adjustable Extension Column

Desktop Monitors and Accessories

Lenovo ThinkVision P27u-20 27" 4K IPS Monitor

Get immersive and accurate views with the ThinkVision P27u-20 27" 4K IPS Monitor from Lenovo. Featuring a 27" In-Plane Switching (IPS) panel and a 3840 x 2160 resolution, this monitor utilizes 0.08" bezels on three sides for a virtually edgeless view that emphasizes on-screen content. Additionally, the ThinkVision P27u-20 is factory calibrated, supports 1.07 billion colors, and delivers 99.5% Adobe RGB, 99.1% DCI-P, and 100% sRGB for color-critical work. Take advantage of smooth video playback too, thanks to a 60 Hz refresh rate and 6 ms response time that can be overdriven to 4 ms.

$799.00

Dell Pro 27" Full HD IPS Monitor

Dell has designed this monitor to offer multiple response times for different contexts. The Pro 27" boasts support for 16.7 million colors and is backed by a 1000:1 contrast ration and 300 nits brightness. Color accuracy is delivered by 72% NTSC, allowing for deep colors and vivid images. A plethora of inputs are featured on this monitor. The rear panel features one HDMI 2.1 port, one DisplayPort 1.4, and one VGA port. Dell has bundled an adjustable stand with this monitor that can be used to find your preferred viewing angles.

$169.00

Dell Ultrasharp U4924DW 49” Dual Quad HD Curved LCD Monitor

Boost your performance with Dell's first 49-inch dual WQHD monitor. The expansive screen with In-Plane Switching technology is equivalent to two 27-inch dual QHD monitors without the bezel in between, for a seamless, ultra wide viewing experience. The UltraSharp 49 also delivers exceptionally lifelike color accuracy and sharp contrast with 100% coverage of the sRGB and Rec. 709 color gamuts.

$1,449.00

Planar Systems 34" PZN3410Q 21:9 Curved VA Monitor

34" Curved Vertical Alignment (VA) Panel
HDMI & DisplayPort Inputs
3440 x 1440 Resolution at 100 Hz
4000:1 Static Contrast Ratio
300 nits of Brightness
178°/178° Viewing Angles
5 ms Response Time (GtG)
16.7 Million Colors
Gigabit Ethernet | KVM Switch
Built-In Speakers & 3-Port USB-A Hub

$386.00

Lenovo ThinkVision P40WD-40 39.7" 4K 120 Hz Curved Ultrawide Monitor

Boost your workflow with the Lenovo ThinkVision P40WD-40 40" 4K 120 Hz Curved Ultrawide Monitor. With its 2500R curved design and ultrawide 4K UHD 5120 x 2160 resolution, this display helps you get more done by enveloping your field of view while offering extensive connectivity.

$1,285.00

Sharp DD-EA272U 27" 4K Monitor

The MultiSync DD-EA272U features an IPS LCD panel with great viewing angles and an immersive 4K UHD native resolution. With a 3-sided ultra-narrow bezel, the DD-EA272U is designed to eliminate distractions when used in multi-monitor configurations.

The DD-EA272U is packed with essential connectivity such as USB Type-C, HDMI, LAN (ethernet), DisplayPort and USB 3.1. The LAN connection, coupled with the USB Type-C's powerful 90W charging capability, eliminates the need for expensive docking stations. With just a single cable to connect to a laptop/PC, users will eliminate unnecessary cable clutter and e-waste is minimized.

$619

ViewSonic TD2430 24" 16:9 10-Point Multi-Touch LCD Monitor

With built-in 10-point multi-touch technology, the TD2430 24" 16:9 10-Point Multi-Touch LCD Monitor from ViewSonic is an ideal display for retail environments, the classroom, business applications, and more. Integrated 10-point touch capabilities allow users to use multiple fingers when interacting with multimedia content as well as execute a variety of tasks such as zooming in, swiping, and more.

$339.99

Dell Pro 24 Plus Touch USB-C Hub Monitor

Enhance your productivity with the Pro 24 Plus Touch USB-C Hub Monitor from Dell. Comfortable and easy to use, this 1920 x 1080 resolution Full HD touchscreen display offers clear visuals and high versatility with its articulating stand.
With USB-C connectivity, you can transfer video, data, and power with compatible laptops using a single cable.

$499.99

DTEN D7X 27 27" Full HD All-in-One Video Conferencing Monitor

The DTEN D7X 27 27" Full HD All-in-One Monitor is a certified Zoom Room appliance designed for standalone video conferencing. It features 64-bit 8-core processing with integrated Android OS, along with a 3-camera, 8-microphone array, and built-in speakers for simple setup in focus rooms, hot desks, executive offices, and more.

MSRP $599.00

JBL YAMAHA SONY BOSE ANCHOR AUDIO®

NEW FROM MEDIARIGHT & DANLEY SOUND!

SRV1 - Sound Reinforcement Vehicle

The SRV1 is a stand-on, drivable electric cart engineered to get professional-grade sound reinforcement anywhere the job requires — fast, and without the hassle. Built in the USA on a full-size steel bed, it's compact enough to roll through gates, doorways, and other tight spaces where a full-size UTV or golf cart won't fit, and self-contained enough to skip the stands, cables, and gear you'd otherwise drag across the site.
A 48-volt electric drive keeps the SRV1 whisper-quiet, making it ideal for outdoor athletic events — while proving just as versatile for indoor venues, corporate events, festivals, and virtually any mobile sound reinforcement need. Charge it overnight and it's ready to go — no fuel, no fumes, no complicated controls. With minimal routine maintenance and an easy-to-store size, the SRV1 is as lowhassle to own as it is capable to run.

At the heart of the SRV1 is our patented Tapped Horn TH121, paired with a built-in 8RU equipment rack (dual 4RU racks, side-by-side) for your amplification and signal processing gear.
Every SRV1 ships complete with:

- The motorized, stand-on cart
- TH121 21" Tapped Horn subwoofer and integrated 8U rack system
- A DNA20K4-Pro amplifier

From there, configure the SRV1 to your event needs by pairing it with our OS or OSX (coming soon) loudspeakers in a single or dual setup — scaling coverage without sacrificing mobility.

STANDARD MEDIARIGHT BUNDLE INCLUDES DUAL SPEAKERS AND MIXER WITH BLUETOOTH RECEIVER -

$21,630

The PXW-X400KC 20x Manual Focus Zoom Lens Camcorder Kit from Sony includes a PXW-X400 Shoulder Camcorder Body, a 3.5" LCD viewfinder, a 20x manual focus zoom lens, stereo microphone, windscreen, and lens mount cap. The PXW-X400 Camcorder features three-chip 2/3" Exmor CMOS image sensors to offer high picture quality and S/N ratio. The PXW-X400 Camcorder supports the Sony XAVC codec up to 1080p50 and 59.94 recording, in addition to MPEG and DVCAM formats. Its optimized and user-oriented body weight balance reduces the burden of shouldering this camcorder
The included manual focus lens has a Sony 2/3" type bayonet mount, a focal length of 8.2 to 164mm, and an optical zoom of 20x.

SKB CASES

iSeries 2011-8 Lens Case

The iSeries 20118LENS case is the perfect companion case for the professional photographer. This case will hold six lenses such as the Canon Cinema Prime Lenses or Schneider Kreunznach Xenon FF Prime Lenses. Each lens slot has a diameter of 125mm and the base depth of each lens slot is a total of 120mm. The useable lid depth is 35mm creating a maximum length of 155mm per lens. There are two removable foam discs provided to change the internal base lens height to 97mm instead of the 120mm when needed. This case is the maximum approved size for airline carry on travel.

Need a lens case solution for travel? We can help!

Tradition of Innovation

For over 100 years, Cooke has been at the centre of the film-making business. We've been listening to the community of which we are a part. We lead by introducing new products such as /i Technology, and we re-member our success is built on a simple idea - do what the film-maker needs.

Since 1893, Cooke offers a legacy of superior and innovative lens design and manufacture under the Cooke name that continued throughout the 20th century beginning with still portrait, telephoto and process lenses, through the development of acclaimed Cooke cine and television lenses, and contin-ues today by Cooke Optics Limited, with award winning 35mm cine prime and zoom lenses.

SONY Creative tools for the creator in you.

SIGMA

Since 1961, Sigma has worked towards a single, simple goal: To imagine, and develop, the technologies that will allow the attain-ment of the perfect image. It's evident in the collaborative design process that unites R&D, manufacturing, marketing, sales, and service. It's evident in standards requiring 100% of the lenses be analyzed by proprietary ultra-high definition sensors and ap-proved before leaving the factory.

SIRUI, the world's leading anamorphic lens, lighting equipment, and camera support brand, has long been dedicated to providing filmmakers with the ulti-mate shooting experience. SIRUI products, known for their high performance at an affordable price, have been widely recognized and highly commended by budding filmmakers and professionals at home and abroad. So far, SIRUI has established an impressive customer service network around the world, as well as over 300 sales outlets and terminal showrooms.

FUJIFILM

Value from Innovation

Fujinon XT17sx45BRMK1 17x 4.5mm HD ENG Lens is a TEAM FAVORITE for the popular Panasonic AJ-CX4000GH ENG camcorder! Call for a spcial quote.

High performance and quality Fujinon lens lineup offers many uses, sizes, shapes and materials in various fields, including lenses and accessories for high definition TV broadcasting, especially effective in sports broad-casting and program pro-duction.

Canon

Get focused, with uncompro-mising quality! Check out Canon's complete lineup of broadcast lenses.

Canon manufactures a variety of DSLR lenses for all your photography needs. Whether you need a Stan-dard & Medium Telephoto Lens, Wide & Ultra-Wide Zoom Lens, Macro Lens, Tilt-Shift Lens, Telephoto & Super Telephoto Lens; Canon lenses offer some of the best DSLR lens quality.

Rain & Weather Protection

WeatherPod®
Live. Life. Weatherlessly.™

PhotoPod® 1-Person 45x45x78 Standing Pop-Up Pod

$209.99

This pop-up PhotoPod was designed for photographers and videographers with a wide base and tapered design that blocks the wind and a generous 78" of headroom. It features three camera slots and a vented rear access for cords and cables plus dual-zippered windows and a front door enabling easy "in & out" access. It pops up and folds in seconds into a lightweight backpack carry case so you are covered no matter where your next shoot takes you.

Available in Black, Dark Gray and White

MegaPod® 2-4 Person 58 x 58 Square All Clear Pop-Up Pod - 360° View

The MegaPod has a 58" x 58" footprint and features all-clear sides making it perfect for professional videographers and photographers who need 360° visibility and protection from the elements. It has plenty of room for you and your equipment so whether you are shooting in cold, rain, or windy conditions, you can focus on the shot. It pops up and folds in seconds and comes in a lightweight backpack carrycase, perfect for filming on the go.

$209.99

Available in Black, Dark Gray and White

WalkingPod® 22x22 Wearable Pop-Up Pod

$109.99

The WalkingPod provides wearable hands-free protection from the elements on the go. It pops up in seconds and slips easily over your torso providing lightweight, portable protection anywhere, anytime.

Available in 360° Clear, Black, Red, Royal Blue and Silver Cloud

MyPod™ XL 1-2 Person 46 x 46 Pop-Up Pod

The MyPod XL measures 46" x 46" and is ideal for the professional videographer or photographer needing portable, lightweight, reliable protection. Comfortably accommodates one operator plus camera gear, it deploys in seconds to create a weatherproof workspace when filming games, practices, events, and on-location shoots. It folds quickly into a lightweight backpack-style carry case for easy transport between locations.

$189.99

Available in Black, Red, Royal Blue, Navy, Hunter Green, and Burnt Orange

iSERIES COMPARISON CHART

SUPERIOR PROTECTION

All SKB iSeries Injection Molded MIL-STD Waterproof Utility Cases are molded of ultra high-strength polypropylene copolymer resin, and feature a gasket-sealed, water- and dust- tight, submersible design that is resistant to corrosion and impact damage (MIL-STD-810G). Other standard features include a molded-in hinge, patented "trigger release" TSA-retrofittable latches, comfortable snap-down rubber over-molded cushion grip handles, automatic ambient pressure equalization valve (MIL-STD-648C), and resistance to UV, solvents, corrosion, and fungus.

FEATURES/BENEFITS

- Lighter & 2.8x stronger than the competition
- Many interior options: empty, cubed/layered/custom foam, padded dividers
- Field-replaceable hardware: latches, handles, hinges, wheels
- Easy-open trigger latches with TSA lock options

PRO Light Backloader Backpack S - 19L

$259

Designed for the professional shooter on the go, the small Manfrotto Pro Light Backloader 19L Camera Backpack holds your DSLR with an attached lens plus three more lenses, a laptop, and personal items. Its bisected interior devotes 70% of the available space to camera gear, or you can remove the interior panel and use all the space for even more photo equipment.

Nanuk N-PVD Padded Duffle Bag for Camera and Drone

The black, 40L N-PVD Padded Duffle Bag for Camera and Drone from Nanuk can accommodate three camera bodies, two large lenses, a GoPro, a drone, a tripod, and accessories. Carry the bag with the padded haul handles or as a backpack with the hideaway shoulder straps for more stability and hands-free carrying.

$189.95

SKB CASES

SKB iSeries Cases

All SKB iSeries Injection Molded MIL-STD Waterproof Utility Cases are molded of ultra high-strength polypropylene copolymer resin, and feature a gasket-sealed, water- and dust-tight, submersible design that is resistant to corrosion and impact damage. Other standard features include a molded-in hinge, patented "trigger release" TSA-retrofittable latches, comfortable snap-down rubber over-molded cushion grip handles, automatic ambient pressure equalization valve, and resistance to UV, solvents, corrosion, and fungus.

TL Series Tripod Cases

Available From 24 to 50 Inch Length

$239 - 359

The TL Series Roto-Molded Tripod Cases provide ideal protection for transporting professional tripods, lighting stands, and other hardware.
Roto-molded of rugged Linear Low Density Polyethylene, this case is designed with internal foam in the base and lid to keep equipment secure and protected. Features a sturdy, high-tension slide release buckle with heavy-duty web straps for easy closure, room on both sides to adhere shipping labels, two molded-in ergonomic carrying handles, and in-line skate style wheels for easy transportation.

NANUK™ Unique Offerings - Only from Nanuk!

Nanuk 975T & 976 - Stackable Cases with Available Caster Wheels!

NANUK 935 - Black / Eco Friendly

The NANUK 935 protective case is convenient even when full of equipment and weighed down. Simply press the button and the retractable handle extends to your choice of two positions and the NANUK 935 is ready to be wheeled to your destination with your photo gear, video gear, and audio gear.

$449.95

Mesh lid organizer, removeable storage trays, ridged vertical divider, and oversized wheels.

$275

NANUK 925 - Padded Divider Universal Drone Case

Protect and organize your valuable camera gear in this 925 Hard Case with Pro Photo Kit from Nanuk. This waterproof case comes with a padded divider insert and lid organizer. It features two PowerClaw latches, accepts user-supplied padlocks, and has a purge valve plus bezel system to prevent water intrusion. Both the 915 and 925 models fit most small to medium drones and associated accessories.

BENRO® NEW BENRO VIDEO

Benro Kingpod $999.95

The Benro KingPod is a game-changing, all-in-one support solution for creators who demand flexibility, performance, and professional features in one compact system. All-in-One Design – Transforms into a full-size tripod, mini tripod, or monopod for maximum versatility. Pro-Level FS36PRO Head. Carbon Fiber Build – Lightweight yet rugged with secure twist locks and multiple leg angles for any terrain.

Benro BV6HPLUS Video Head $499.95

Innovative Camera Mounting System:
The side-loading clamp system includes a 501-compatible plate that, with a flip of a tab, becomes Arca-compatible—perfect for quick transitions between photo andvideo setups.
- Smooth Motion Control – Featuring:
» 4-Step Pan Drag for precise horizontal movement.
» 4-Step Tilt Drag for fluid vertical motion.
» 8-Step Counterbalance to match various camera weights.
- 75mm Half Ball Base – Compatible with both single and tandem-leg video tripods

Introducing the Benro Lightning Lock Tripod Series

Tandem Leg Tripods – Built for Speed & Strength:

- Lightning Lock System – Extend both leg sections with just one lock for rapid deployment.
- Available in carbon fiber and aluminum, with either the BV6HPLUS or KH head. You can also purchase the sticks separately and use your own 60mm or 75mm head.
- Perfect for larger camera kits - everything from smaller mirrorless setups up to larger cinema-style cameras.

ANTON BAUER

Behind every great camera there's an Anton/Bauer battery.

For over 50 years, Anton/Bauer has been the power behind the picture for anyone using a camera to shoot moving images. From breaking the news around the world, capturing sports action on the track or field, documenting remote, wild and extreme environments or shooting blockbuster movies in Hollywood Anton/Bauer batteries are a constant reliable fixture on set.

You can find the full line-up of of Anton Bauer products at MediaRight!
Need help finding the right models, or looking for a quote? We can help!

Core SWX Hypercore NEO 150 Mini 147Wh Lithium-Ion Battery (Gold or V-Mount)

$514.00

The Hypercore NEO 150 Mini from Core SWX is a compact 14.8V, 147Wh lithium-ion battery that features a Gold or V mount, and it supports a constant 12A draw with a peak draw of 16A. The Hypercore NEO 150 Mini has the ergonomic design, large backlit LCD, and protective overmolded rubberized housing that Hypercore batteries are known for over their past releases.

Core SWX Nano-VBR98 7.4V Battery

$248.00

The Nano-VBR98 7.4V Battery from Core SWX is designed for use with the AU-EVA1 and other select Panasonic cameras. This clever solution provides a 12V D-Tap port often found in larger pro-style Gold or V-mount batteries, but in the smaller form of the original battery type.

INDI PRO

2x Kratos 99Wh V-Mount Li-Ion Batteries and Dual V-Mount Battery Charger Kit

Add a battery kit to your mobile rig to keep your gear powered all day with this Kratos Series 99Wh V-Mount 2-Battery + Dual Charger Kit from IndiPRO Tools. The kit includes two ultracompact Micro Alpha 14.8V, 99Wh V-Mount batteries, and a dual-battery V-mount charger. The batteries come in a black color.

Each offfers a bright, clear LCD status display. They also feature two 14.8V D-Tap outputs and two 5V USB outputs for powering accessories while you are powering your lights or camera via the Gold or V-mount.
$639.00

Micro-Series 98Wh V-Mount Li-Ion Battery

Its small size belies the power of the Indi-PRO Tools 98Wh Micro-Series V-Mount Li-Ion Battery, which can handle power draws of up to 12A. This battery mounts on a standard-sized V-mount battery plate. It's suitable for use on smaller camera bodies and for a variety of appli-

that doesn't sacrifice performance. You can power smaller cameras for extended run times via the battery's D-Tap output port, using a variety of optional D-Tap adapter cables. The battery's 6.8Ah capacity and 14.8V output are sufficient to power most professional cameras. Also available in gold or V-mount. $229.99

Anker Prime Power Bank

Power three devices at once with 300W total output, recharge at 250W max using both USB-C ports, and stay ready with massive 26,250mAh capacity.

- 300W Total Output Power
- 140W Max Fast Charging
- Anker's First 250W Dual-Port Input—Recharge to 50% in Just 13 Minutes
- Huge Power That's Ready to Fly
- Smart Display and App Control

$229

app-free, button-free wireless screen mirroring, combined with a range of other popular collaboration tools.

WHY NDI®?

Leverage NDI® for Live Video over IP. NDI®, or Network Device Interface, enables **video delivery over a local area network**. It is the most advanced solution for IP video transmission inside organizations where multiple devices are on the same network.

Control as many cameras as you want through one computer or controller for your next **live sporting event**, step up the production value of **conference calls**, or centralize video delivery for **educational institutions**—and so much more. From powering the camera with PoE, to connecting to your switcher or computer, you only need that one ethernet cable to operate a single PTZ camera.

For More Information on using NDI® in your next video production, contact MediaRight.

Live Video Production, Simplified.

BirdDog builds cameras, video infrastructure, and software that work together to simplify modern video production workflows.

NETGEAR® AV

AV OVER IP SIMPLIFIED

- **SMPTE ST 2110 support**
  Support for the broadcast standard used by many broadcast facilities worldwide (M4350 select models)
- **Multicast in an instant**
  NETGEAR IGMP Plus™ provides multicast functionality right out of the box for most AV over IP applications
- **Sleek, quiet design**
  Less fan noise with mounting included for standard equipment rack, under table or wall mounting
- **Automatic configuration**
  Auto-trunk and auto-LAG functionality auto connects with other M4250 & M4350 switches
- **Modular power supplies**
  Expands PoE budget and/or can be used as redundant supply for peace of mind (M4350)
- **Groundbreaking AV GUI**
  A simplified user interface makes it easy to assign configuration profiles to each port

POWERFUL MANAGEMENT

- **No more guesswork**
  Automatically detect all M4250, M4300, M4350, and M4500 switches on your network
- **Simple deployment**
  Centralized workflow to deploy configurations to all switches across your entire network
- **Quick configurations**
  Certified profiles for ST2110, Dante, AES67, Q-SYS, AVB, NDI, Lighting, Video over IP, and many more
- **Visual aid**
  Network topology view lets you visualize all discovered M4250, M4300, M4350 and M4500 switches
- **Single pane of glass**
  Configure and monitor all your AV switches, PR460X router, and WiFi 7 access points, all from the same interface
- **Easy on the update**
  Upgrade firmware on multiple switches during onboarding process

Webcam Solutions

Huddly L1 for large and medium meeting rooms

The L1 AI Collaboration Camera from Huddly delivers smart user experiences in large and medium meeting rooms. Designed to make video meetings inclusive and productive for the whole team, it provides instant, responsive framing and Full HD video of everyone in the room. This kit includes a USB Adapter device for convenient plug-and-play functionality.

$2,440.23

Huddly IQ AI-powered camera with embedded microphone array

Not only does it feature a wide-angle lens with a 150° diagonal field of view, but it also features real-time dewarping for a natural looking image. The power of the IQ camera is in AI functionality that allows it to recognize the number of people, and their positions, in a shot and automatically adjust framing to best cover everything. Manual control is available if you wish to override the camera's choices. You can mount the camera upside down and it will automatically correct the image with its 180° auto-flip function.

The Huddly IQ Compact Conferencing Camera connects to your computer via USB to receive power and transfer video via the downloadable desktop app.

$592

Huddly Canvas

For whiteboards in any space

Add a whiteboard camera to any whiteboard to improve the impact and reach of your presentations, lectures, as well as local and remote meetings with this Huddly Canvas Whiteboard Content Camera Kit. The kit enables you to mount the included camera and support arm to capture images drawn on whiteboards. Simply mount the arm 5" above your whiteboard (mounting screws not included) and the camera will be set at the proper distance to capture from boards up to 6 x 4'.

$$1,285

AVer CAM520 Pro3 Conference Camera

Bring clear 1080p image quality with sharp, accurate color to your education environment or video conferences in medium and large meeting rooms with the compact CAM520 Pro3 Conference Camera from AVer. Easy to use with plug-and-play operation, it quickly connects to virtually any Windows, Mac, or Chromebook desktop or laptop computer via a single USB cable, so you can get started right away.

$1,414

HuddleCamHD 20x SimplTrack3 Auto Tracking Camera

Provides automated camera control and allows you to track presenters or objects up to 50' away. The camera features a 20x optical zoom lens with a 3 to 59° field of view range. The camera video is transmitted via 3G-SDI or IP streaming, and a 1080p60 fps on SDI, DVI, and USB 3.0. There is also a separately available option to upgrade the firmware for compatibility with an NDI network.

The SimplTrack3 allows you to remotely manage multiple SimplTrack systems via its software and control multiple cameras using the same software on a single network. .

$1,999.00

Logitech BRIO Ultra HD Pro Webcam

$169.99

Look your best in most lighting environments as you work from home, attend business meetings, and stay in touch with family and friends via Zoom, Teams, and Skype with the BRIO Ultra HD Pro Webcam from Logitech. Compatible with Windows, Mac, and Chrome, the BRIO Ultra HD Pro connects to your host system using plug-and-play USB 3.0 Type-A, which is required for 4K video.

Atlona Captivate™ 4K ePTZ Auto-Framing Camera

- USB-C interface for video and audio, as well as device powering
- Automatically detects and re-frames camera for up to 6 participants
- 4x digital zoom and 110° wide horizontal field of view
- Fast, responsive ePTZ (electronic pan, tilt, and zoom) camera functions
- 2-microphone array with 5 meter (16 foot) audio pickup range

$549

Vaddio ConferenceSHOT 10 PTZ Camera

Add a remotely controllable high-definition PTZ camera to your IP network at your education, remote meeting room, lecture hall, or house of worship location with this black ConferenceSHOT 10 PTZ Camera from Vaddio. The ConferenceSHOT 10 installs onto your existing network and simultaneously streams up to 1080p60 high-definition video over the LAN to a video switch, streaming destination, recorder, and/or display. The camera can also connect to your computer and be used as a web camera using its USB 3.0 Type-B output. Its wide 74° field of view allows you to capture your entire meeting room.

$1,529.95

Owl Labs Meeting Owl 3 360° 1080p Smart Video Conference Camera

he upgraded Owl Labs Meeting Owl 3 360° 1080p Smart Video Conference Camera expands upon the features of the previous model to create an advanced panoramic video conferencing system. A single 360° lens captures 1080p video of everyone in the room within a 10' radius, while eight omnidirectional microphones capture audio from up to 18' away. Three integrated speakers project 360° audio from remote participants.

$1,049.00

EMEET Meeting Capsule 4K 360° Video Conference Camera

Capture everyone in the room with the Meeting Capsule 4K 360° Video Conference Camera from eMeet. Designed primarily for conference rooms, this camera features two opposite facing fisheye lenses that create a 360° panoramic view, recording participants at 4K UHD quality. With 10 omnidirectional mics, a built-in speaker, and AI-driven enhancements, you can quickly get the meeting underway.

$699.99

AVer™

Everybody Needs More Fiber!

Portable Fiber-optic Signal Acquisition!

The Tote Caddie series from Joseph Electronics offers a better option for fast, operator deployed point-to-point signal transport. Built using rugged Pelican cases, it is a compact, functional, and weather-resistant fiber solution for news and field crews working in harsh environments.

The Tote Caddies are designed with customization in mind. There are more than twelve modules available that can be mixed and matched to provide the exact signal count you need.

Power is provided by local AC mains or with an Anton-Bauer battery while an internal, filtered fan ensures that everything stays cool regardless of the weather outside.

Dealing With Defective Cables? We can help!

Our fiber partner Joseph Electronics is also a factory certified and trained fiber repair shop. Call MediaRight and we'll help you send in your defective fiber cable assemblies or breakouts regardless of manufacturer, and we will work with Joseph Electronice to perform a free evaluation using our state-of-the-art OTDR and TDR testing equipment as well as a full visual inspection. We will then provide a written estimate detailing the necessary repairs for each cable to bring them back to perfect working order.

Neutrik opticalCON (COCA) Factory Trained & Certified
LEMO SMPTE Factory Trained & Certified

Custom Fiber Solutions

Under the BTX Technologies Manufacturing Division, the highly skilled fiber specialists handle all your fiber needs, building LEMO® SMPTE, Neutrik opticalCON, and QPC ruggedized fiber assemblies using the most accurate automated termination and test equipment in the fiber lab.

the Metalwork division offers custom plates and panels with fast turnaround, precise manufacturing, and a vast inventory of A/V, Broadcast, and IT connectors. The complimentary Pro Plate & Panel software features an extensive symbol library for easy design and supports various export formats.

Custom Reels from MediaRight and BTX

Each reel provided by MediaRight and BTX can be ordered with a custom cable assembly solution for almost any project. Offering Schill GT series, Hannay and OCC M.A.R.S. reels in various sizes. Custom hub interface panel on reels is also available. Our staff is ready to provide the right-sized solutions for your unique project needs.

Authorized Reseller

Thor is a trusted manufacturers of CATV and Fiber Transport equipment for over 2 decades in telecommunications, sports, education, hotel guest experience, TV studios, casinos, house of worship, and Live events. The Thor award-winning CATV Encoder Modulators have been touted globally as an all-inclusive headend in a box, encoding any input HDMI/S-

RF/IP/ASI in Ultra-Low Latency simultaneously makes it a perfect fit for any application.

HUBER+SUHNER
Excellence in Connectivity Solutions

POLATIS® OPTICAL SWITCHES
The highly reliable piezoelectric DirectLight™ beam-steering technology from POLATIS sets the industry standard for lowest optical loss and highest performance. With more than a billion port-hours accumulated on deployed units, the POLATIS technology platform delivers a broad range of class-leading all-optical matrix switch products into demanding applications. At the core of POLATIS optical switches is our patented DirectLight beam-steering technology that makes connections using compact piezoelectric actuators to align collimated beams of light from opposing arrays of input and output fibers with minimal loss, distortion or interference between paths. Switching occurs completely independently of the power level, colour or direction of light on the path, enabling pre-provisioning of dark fiber and avoiding concatenation of switching delays across mesh or multi-stage switched optical networks. POLATIS optical switches are fully non-blocking and available in sizes from 8x8 to 576x576.

Need to convert? Take a look at Black Magic.

Blackmagic Design Mini Converter Optical Fiber 12G-SDI

The Mini Converter Optical Fiber 12G-SDI from Blackmagic Design offers bidirectional, multi-rate SDI to optical fiber conversion capabilities with complete independence in each direction and support for up to DCI 4K25 and UHD 4K60 signals. This converter has one SFP optical fiber socket (requires a separate

12G/HD/SD-SDI output. With a 10-bit rate, you can take advantage of long fiber runs and compatibility with both studio and field HD-SDI and SD equipment.

$185.00 (includes power supply)

Ask about Fiber Solutions from AJA- we can help!

AJA provides a range of products and options to allow you to make the most of your fiber infrastructure. The FiDO line of Mini-Converters, alongside openGear rackframe versions are specifically designed to enable conversion and transfer of baseband video and raw video data across Fiber and the wide range of model choices allows you to address Single-Mode and Multi-Mode needs.

FiDO is AJA's family of SDI/Optical Fiber converters. FiDO allows the transport of 12G/3G/HD/SD-SDI over distances up to 10km when using standard Single-Mode fiber optic cable. FiDO models support video formats all the way up to 4K/UltraHD.

Choose LC, ST, or SC fiber connectors, depending on the converter model. Configure as appropriate with the SFP configurator.
